Requested Grant Funds in Fiscal Year 2016-17: \$18,000

Program: Growing Grounds Vocational Advancement Program

Goal/Objective	Major Tasks (in order to achieve goal)	Timeline
----------------	---	----------

OUTPUTS:

The CBO/PHG funds will directly provide at least 415 contacts/employment shifts to client employees	Growing Grounds Farm is an ongoing operation. We anticipate hiring people who would like additional hours or who are on a waiting list to be hired.	July1, 2016 through June 30, 2017
working in the program and 20 new client employees within the contract year.	Orientation and initial training will be provided to new client employees; existing employees will earn additional hours based upon interest and length of employment.	July1, 2016 through June 30, 2017
20 consumer employees at the Farm will elect to receive job development services through SEP.	Growing Grounds Farm Program Manager will work with consumer employees and the Supported Employment Program Manager to ensure each employee receives the services they need to succeed.	Ongoing 2016-2017
By participating in increased employment and job development services, 8 consumer employees will find regular employment in the greater community.	SEP staff will provide job exploration and development, job coaching, external situational assessments and ongoing, time-unlimited job support.	Ongoing 2016-2017
Administer new client self- report survey measures created in collaboration with County Department of Behavioral Health	The employees participating in the Growing Grounds Vocational Advancement Program will be surveyed about the positive impact that employment has had on their mental illness and quality of life.	Survey will be administered two times during FY 2016-17
Final Report	GGVAP survey responses regarding increased life satisfaction and learning work skills towards future employment are formatted into a report and submitted to County Administration. Overall year-end output results are also provided.	August, 2017

<u>Please Note:</u> Our ongoing collaboration with San Luis Obispo County Department of Behavioral Health has led to the development of a new set of Outcomes measured through self-report surveys to be completed by client employees at the Growing Grounds Farm. As a result, the Projected Outcomes in this 2016-17 Scope of Work will be different from those reported in our Program Results for 2015-16.

Program/Project OUTCOMES:

Clients will demonstrate understanding of the tools needed to move forward in attaining their employment goals by a minimum increase of 30% during their employment period.	Use of new client self-report survey measures.	Survey will be administered two times during FY 2016-17
89% of consumers surveyed will report the skills and habits they have learned at the farm will be transferrable to other jobs.	Use of new client self-report survey measures.	Survey will be administered two times during FY 2016-17
70% of consumers surveyed will report they are comfortable seeking future employment	Use of new client self-report survey measures.	Survey will be administered two times during FY 2016-17
